PRZEDMOWA.

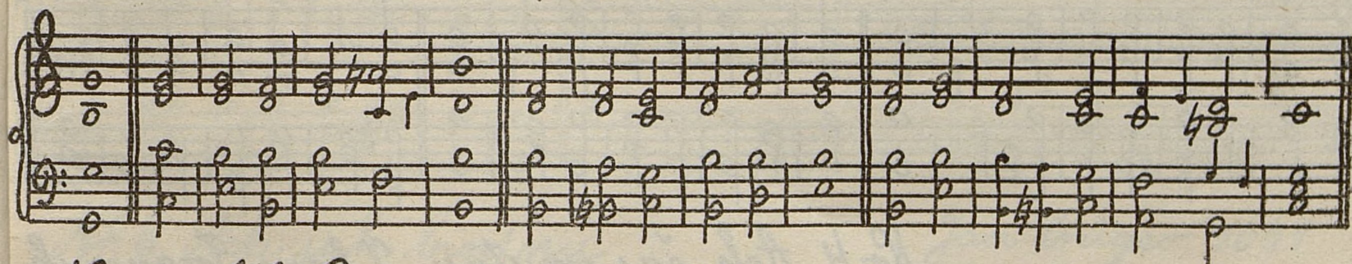

Chorały śp. Jerzego Kluza są już dawno wyczerpane. Ponieważ koledzy często zwracali się do mnie z prośbą o napisanie tej lub owej pieśni kościelnej, postanowiłem niniejsze chorały wydać. Jako podkład służyły mi „Chorały“ Kluza, „Pieśni pogrzebowe“ śp. Jędrzeja Hławiczki, „Harfa Syońska“, melodje dodatku do kancjonału śp. Pawła Wałacha, „Chorały“ kierowników Józefa Goszyka i Śniegonia z Wisły i różne niemieckie „Choralbücher“. Niestety nasze pieśni kościelne w śląskich zborach nie są jednolicie śpiewane. Pamiętam, gdy może już przed 30-tu laty śp. ks. Jędrzej Krzywoń, ówczesny śląski senjor, zażądał od wszystkich urzędów parafjalnych swego senjoratu, żeby mu napisano pieśń „Grodem mocnym“ dokładnie tak, jak ją w odnośnym kościele śpiewają zborownicy. Na jakich 20 zborów nie było dwóch, w którychby tę pieśń jednakowo śpiewano. Chodziło poniekąd tylko o jeden ton, ale różnica jednak była. Zasadniczo trzymałem się melodyj, których używają zborownicy matki naszej cieszyńskiej, chociaż w tym zborze nie wszystkie melodje według oryginału śpiewane bywają. Do niniejszego zbioru włączyłem kilkanaście melodyj, ze znanych mi te najładniejsze i najtrudniejsze, według których śpiewano pieśni ze starego kancjonału Trzanowskiego, a których w kancjonale ks. Jerzego Heczki niema. Według niniejszych chorałów można wszystkie pieśni z kancjonału ks. Heczki śpiewać, a ponieważ niektóre pieśni śpiewa się na melodję pieśni, której w kancjonale ks. Heczki niema, podaję tu odnośny wykaz Nr. pieśni...... śpiewa się na Nr. melodji...... Aczkolwiek jestem sobie świadom tego, że praca ta nie jest doskonałą, to jednak mam nadzieję, że i ta skromna praca przysłuży się naszemu drogiemu ewangelickiemu kościołowi na Śląsku.
